**Date:** Saturday, September 2, 2017 7:41:20 PM

---

ASPECT is currently planning to be wheels up at 1945 local in preparation for the Arkema response. The aircraft will transit to the general location and then hold 2 miles from the site. The crew will be awaiting for further instructions prior to entry into the area.

ASPECT is current working an FTP issue. At the present time, data for flights 8 and 9 cannot be uploaded but the team is work to resolve the issue.
